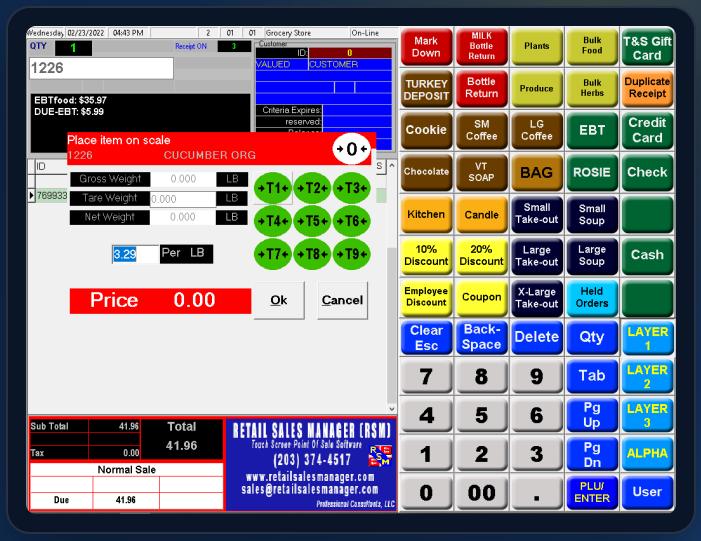
RETAIL SALES MANAGER · POINT OF SALE

The POS that fits your store — not the other way around.

Retail Sales Manager (RSM) brings point of sale software, hardware and integrated payment processing together in one system — customized to the way you sell, and backed by real people who install and support it.

- Windows & Android
- Integrated payments
- Remote + onsite support
- 35+ years in retail



RSM touch-screen checkout

Customized to your needs

RSM is shaped around your workflow, departments and reports, instead of forcing your store into a one-size-fits-all app.

Support from real people

Remote online installation and support, plus national onsite technicians when you need someone at the counter.

Software, hardware & payments

One stack, one partner: POS software, the hardware it runs on, and integrated credit card processing.

Proven since 1990

More than 35 years building and refining point of sale for specialty and general retailers across the USA.

BUILT FOR YOUR STORE

Retail know-how for the way you sell

RSM is designed for specialty and general retail — with the tools each type of store relies on every day.

01 Liquor stores
Sell by the case, six-pack or single, with fast barcode checkout and inventory control.

02 Garden centers & florists
Item pictures, scales and time-sensitive pricing for seasonal and fresh product.

03 Public golf courses
Gift cards, loyalty programs, customer accounts and a staff time clock for the pro shop.

04 Convenience stores
Speedy checkout lanes, barcode scanning and contactless EMV & Apple Pay.

05 Grocery stores
Scale support, barcode scanning and printing, and multiple networked cash lanes.

06 Gift shops
Item and customer pictures, gift cards and loyalty programs that bring shoppers back.

...plus many more. Not on the list? Ask us how RSM can be customized for your business.

One partner for the whole counter

Software
RSM point of sale and back office for Windows and Android.

Hardware
Touch screens, scanners, scales, receipt & label printers, cash drawers.

Payments
High-speed, integrated credit card processing — PCI compliant.

WHAT RSM DOES FOR YOU

Faster lines up front. Fewer headaches in the back office.

Operates like a familiar cash register, but filled with the features retailers need to run the whole store — from the checkout lane to the books.

Checkout & payments

Keep lines moving and take every way your customers want to pay.

- Speedy checkout
- Touch-screen POS
- Integrated credit card processing
- Contactless EMV & Apple Pay
- PCI compliant
- Hold & recall tickets

Inventory & back office

Know what you have, what it cost and what sold — without spreadsheets.

- Inventory control
- Barcode scanning & printing
- Scales
- Serial number tracking
- Time-sensitive pricing
- Accounts receivable / payable
- Sales batches
- QuickBooks integration
- Custom reports & labels

Customers & loyalty

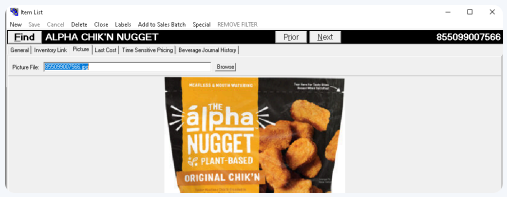
Recognize your regulars and give them reasons to come back.

- Gift cards
- Loyalty programs
- Customer pictures
- Item pictures
- Customer accounts & statements
- Purchase history

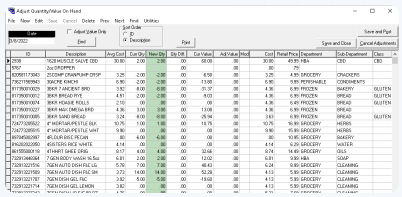
Staff & security

Control who can do what, and pay your team accurately.

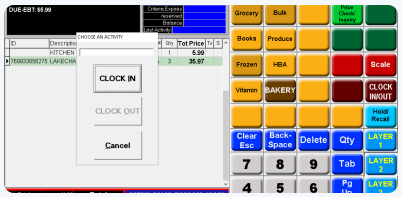
- Time clock
- Security levels by clerk
- Commission tracking
- Returns, voids & paid-outs control



Item maintenance — with item pictures



Back office — inventory at a glance



Time clock — clock in/out at the POS

SERVICE YOU CAN COUNT ON

From first call to everyday support

1. **Customize** — We tailor RSM to your store, products and workflow.
2. **Install remotely** — Remote online installation gets you up and running.
3. **Support online** — Remote online support from the people who build RSM.
4. **Onsite when needed** — National onsite technicians for hands-on help.

Works with your hardware: touch screens · barcode readers · scales · receipt printers · barcode/label printers · pole displays · cash drawers | **Fully network capable** for multiple cash lanes.

POS dealers & resellers: RSM is also sold, installed and supported through POS dealers nationwide. Ask about becoming a dealer, or log in to the Partner Portal at retailsalesmanager.com.
